GUIDE FOR CLUB DISCUSSION

Based on "End the Cold War at Home," by Claude Lightfoot, Political Affairs, 9/55 --

A national Communist Party conference in August, 1955, held out the perspective of a major offensive to restore the Bill of Rights as a consequence of the Geneva conference. As Claude Lightfoot stated in the main report: "In order to implement the Geneva conference, the times call for a national crusade which will demand not only an end to the cold war generally, but also to the cold war at home- the war against civil liberties which is largely a product of the international cold war." The following questions are designed to facilitate the fullest discussion of the new possibilities in the fight for the Bill of rights, as well as to lead to an examination of the prospects for expanding the fight on key national issues cited by Lightfoot, and towards a Supreme Court review in the California Smith Act Case.

1. Why does the Geneva conference "open up broad vistas" for ending the cold war at home?
2. What bearing does the prospect for peace have on the "clear and present danger" argument used both as ideological and legal justification for suspending Bill of Rights guarantees?
3. Why won't these prospects for ending the cold war at home be realized automatically? What are the immediate dangers unless there is a mass people's crusade for restoration of the Bill of Rights?
4. What are the two main errors Lightfoot warns we should avoid in estimating the prospects on the civil liberties front?
5. What mistakes did the left make following the 1951 Smith Act decision which slowed up the possibilities for developing a mass fight to assure the protection of the Bill of Rights for Communists as well as all Americans?
6. Discuss recent developments and prospects in California for enlisting the labor movement, Negro people, middle-class and liberal groups in the fight against the McCarran Act and review of the California Smith Act case, as well as the Lightfoot and Nelson cases? How can they be realized in your union, mass organization or area both through mass educational and planned public activities?

MEMO ON BILL OF RIGHTS FUND DRIVE AND MASS CAMPAIGN ON SMITH ACT APPEAL.

(To be used as discussion guide.)

I. SIGNIFICANCE OF SUPREME COURT GRANTING REVIEW IN CALIFORNIA SMITH ACT CASE.

- First time in four years Court has agreed to review a Smith Act Case--since upholding constitutionality of Smith Act in Dennis Case, June 1951.
- Dennis decision let loose wave of repression thruout country, 150 arrests under Smith Act, countless prosecutions in other forms (McCarran Act, McCarran-Walter Act, Brownell-Butler Act, Loyalty oaths, Screenings, etc.)
- Two other Smith Act cases already turned down by Supreme Court; Baltimore case and the Flynn case (2nd New York trial.)
- Decision of Court to grant review not limited to any single legal point, as is usually done. Court granted full review without limitations.
 - In 1951 Dennis decision, the Court said; "Where there is any doubt about the intent of the defendants, the nature of their activities, or their power to bring about the evil, this court will review the convictions with the scrupulous care demanded in the Constitution."
 - By granting review in this case, after turning down appeals in two previous cases, the Court is finally keeping its promise to take a "second look" at Smith Act convictions.

II. WHAT BROUGHT ABOUT THIS TURNING POINT ?

- *The wave of McCarthyism was a sign of the offensive of pro-fascist forces in our country that co-incided with the increasing war danger that reached its climax around Korea, Indo-China and Formosa.
- Arguments that war was inevitable, our national security in danger, the Big Lie, etc, was used to still and intimidate opposition to McCarthyite attacks upon Bill of Rights.
- Ending of Korean war, and subsequent events, was the result of strength of peace movement thruout the world, and opposition of American people to being plunged into atomic world war.

b7D.

12/5/55
208

- Coinciding with the easing of war tensions, opposition to McCarthyism rapidly grew, and McCarthy himself was curbed. A number of partial victories against persecution were won throughout the country, as growing voices of public opinion spoke out against suppressing the Bill of Rights.
- Geneva marked the turning point towards ending the cold war; opened great opportunities also, for ending the cold war at home, against the Bill of Rights.

III. FAVORABLE SITUATION FOR NULLIFYING SMITH ACT AND OTHER REPRESSIONS.

- Supreme Court now reviewing McCarran Act, state sedition laws (Nelson Case;) and Smith Act.
- Appeal against McCarran Act supported by "Friend of the Court" brief signed by 360 Americans, including U.S. Senator McNamara of Michigan and many other notables.
- Nelson appeal argued by former general counsel of the A.F. of L.
- California Smith Act appeal, supported at various stages of the appeal by "Friends of the Court" briefs filed by A.C.L.U., ILWU, Methodist Social Welfare Federation of Southern Calif., Unitarian Fellowship, group of Yale law professors, and groups of individual signers, including scientists, university professors, etc.
- Right to obtain counsel for Smith Act cases and appeals upheld by action of California State Bar Assn., and Bar Associations throughout the country in various trials (Denver, Connecticut, Cleveland).
- Public expressions against Smith Act prosecutions were voiced at various times by ACLU, Americans for Democratic Action, CIO, St Louis Post Despatch, N.Y. Post, Colorado Labor Advocate, etc, and many prominent individuals.
- *Northern Calif. unions representing 50,000 workers passed resolutions against Smith Act in 1951-52.
- No recent campaign conducted, but mass campaign can now turn general anti-McCarthy sentiment into mass demand for ending Smith Act, McCarran Acts, etc.
- '56 election will have peace and democratic rights among outstanding issues; favorable time for Smith Act mass campaign.
- Supreme Court decisions on de-segregation and other Bill of Rights issues shows pressure of public opinion.
- Decision to review Smith Act case may already have effect of halting or minimizing further Smith Act arrests, and holding up action on appeals in Appellate Courts pending Supreme Court decision.
- Our estimate; International developments towards peace, political situation in country, plus mass campaign that reaches to broad circles can result in winning victory.

IV. BILL OF RIGHTS FUND DRIVE--NOVEMBER 15TH TO JANUARY 31ST, 1955.

- Quotas based on minimum legal costs plus expenses of extensive mass campaign--state and national.
- Legal costs consist primarily of printing costs, travel, court, record, etc. Prominent attorney's serving without fee.
(Example of required costs: estimated printing costs, 20,000; binding the trial transcript, \$2,600, etc.)
- One-third of budget to finance mass campaign.
- Fund drive to be conducted as part of mass campaign.
 - Hundreds of house affairs.
 - Public meetings and affairs.
 - Days pay voluntary contributions (January)
 - Make up lists of contacts to visit for contributions.
 - Bazaars and rummage sales.
- Organize broad observance of Bill of Rights Anniversary Week around Dec. 15th. Also Left-Progressive activities.
- Distribution of material that will be available.
 - Addressed to Trade Unionists, Negro People, Liberals
 - 100,000 Tabloids for mass distribution. (Feb. or March)
 - Send out suitable material to mailing lists, as well as distribute at union halls, churches, neighborhoods, shops, etc.
- Action by Organizations-get resolutions adopted in trade unions, other organizations, in connection with Bill of Rights Anniversary. Get speakers invited to address organizations.
- Organize letter writing to newspapers on the Smith Act.
- Soliciting of organizations and individuals to sign "Friends of the Court" briefs supporting the appeal, or public statements or newspaper-ads.
- If funds permit; radio and T.V. programs.
- This does not exhaust the list of possible activity. Organizations discussing this should use their own initiative in adding to it.

SUGGESTIONS FOR ACTIVITIES THAT MAY BE USED IN THE
CLUB PLAN OF WORK

1. Adopt a mass approach to the development of lists of contacts, including:
 - a) Old friends who are showing renewed political interest.
 - b) People who reacted to political struggles and participated in electoral campaigns, Till case, outlawing the H and A bombs, and other current activities.
2. Make up lists of contacts who can be asked to participate in the campaign.
 - a) For financial support.
 - b) For political support such as attending meetings on the case; helping to get action in mass organizations; helping to get campaign literature to large numbers of people, for mailing lists.
3. Organize house meetings on the California case and the Smith Act. Keep in mind Bill of Rights anniversary week, Dec. 15. Secure speakers for such meetings thru CEDC.
4. Help make the Xmas Market, which is co-sponsored by CEDC, a great success by preparing and soliciting material and articles for sale, getting volunteers to help man booths etc., organizing a large attendance to the market- invite and bring friends and contacts.
5. Help extend the CEDC mailing lists.
6. Help secure volunteers to assist CEDC mass mailings and distribution of folders, letters, leaflets.
7. Organize money raising affairs - keep in mind affairs that fit in with the holidays.
8. Examine contacts with mass organizational connections, with a view to securing resolutions, reactions to CEDC mailings, inviting speakers on the California case, securing action on the Smith Act, getting observance of Bill of Rights Anniversary, action on the McCarran act, the fight against screening, etc.
9. Encourage and organize letter writing to daily newspapers, trade union papers, the Negro press, etc.

CLUB DISCUSSION on 1956 PEOPLE'S WORLD CIRCULATION DRIVE

This is a combination quiz and discussion. It is suggested that the club chairman read aloud the following paragraphs from the PW editorial of December 2, 1955, and then proceed to the quiz. Have everyone participate in the answers. Majority view prevails. Fill in the quiz and return it to your section. We'll let you know your score as soon as the first sub from your club gets turned in!

Will the merged labor federation realize the great potential of its numerical strength to defend and advance the interests of working people, and to win for labor its rightful place in the nation's councils?

Will the 1956 election campaign give expression to the desire of the vast majority of people for peace, for economic security, for equal rights, for democratic liberties and social progress?

Will the great promise of the Geneva 'summit' conference be realized in a negotiated settlement of the cold war?

Will the 'thaw' in the cold war bring an end to the repressive hysteria, and a full restoration of the Bill of Rights?

Such are the momentous questions that require a decision. We believe the Daily People's World has vital answers to such questions, and an important mission in helping to shape the decisions.

Our circulation drive is, in a way, an opening gun in the 1956 campaign. Bringing the paper to more and more readers will help to spread an advanced progressive program in the elections, and help to increase progressive influence in the campaign.

Our circulation drive will also be part of the over-all fight to safeguard freedom of the press and to secure vindication of our editors, whose Smith Act conviction is being reviewed by the Supreme Court.

The success of the drive will depend on the active participation of every supporter of the paper. We call upon you to help take advantage of the great opportunities for progressive advance in our country by building the circulation of the Daily People's World.

1. The overall prospects for the 1956 PW circulation drive in our union or mass activity have been () greatly increased
() decreased
() remained the same

as a result of the 'Geneva spirit' and recent civil liberties advances.
(Choose one)

2. Increasing the circulation of the PW this year will: (Choose one)

a) Decisively influence the 1956 presidential elections

b) Raise the understanding of a whole group of new readers so they can work more effectively for advance in '56.

*rec'd 1/17/56
RHS*

3. The daily circulation of the PW is lower than the weekend circulation because (choose one)
- a) PW readers read the capitalist press and don't have time to read the PW each day
 - b) Most of the news in the daily can be found in the week*end edition anyhow.
 - c) It is too difficult to deliver and too expensive to get daily subs.
 - d) We underestimated the political need for a daily and willingness of many workers to read the daily. We therefore focused greater organizational attention on distribution of the week-end paper.
4. The biggest source for daily subs will be found among; (Choose one)
- a) Current week-end readers
 - b) Newstand circulation
 - c) On-the-job deliveries
5. The best way to tie in the PW circulation drive with industrial concentration is to select a factory gate before which to sell it regularly.
TRUE _____ FALSE _____ (Explain why)
6. Contacts currently being made in the campaign against the Smith Act and in defense of freedom of the press open up new avenues for PW circulation.
TRUE _____ FALSE _____
7. In answer to the argument that the PW is a 'biased paper' put out by 'the Communists' and not an 'impartial and free press' as the 'big newspapers' are, which approach is best:
- a) the PW is not the official organ of the Communist Party
 - b) The big papers - Examiner, Tribune, Times - are biased in favor of the big businessmen who own them; the PW is biased in favor of labor and the Negro people.
 - c) The PW is not a Communist paper but Communists do work on it and support it and it reports and analyzes the news from a progressive point of view.
 - d) There is no such animal as a 'free press'. The content of a paper is determined by those who own it, not by the reading public.
8. In the present period of building a coalition of the American people, the PW is the main expression of the independent role of the left in California.
TRUE _____ FALSE _____
9. In working in a right-led organization which of the following methods would prove most successful;
- a) Single out the most advanced people and try to interest them in the PW
 - b) bring to the leadership's attention certain key articles in the PW
 - c) Circulate copies of clippings from the PW at meetings or in conversation
 - d) Have other PW builders approach the 'best' contacts.

rec'd 1/17/56

10. The time is still not ripe to sell the PW in front of union meetings, community gatherings, shop gates, etc. TRUE _____ FALSE _____

11. Lenin said of the Marxist press; "A paper is not merely a collective propagandist and collective agitator, it is also a collective organizer." In each of the following, cite which key role you feel the PW played: propagandist, agitator, organizer:

- a) Emmett Till case
- b) AFL-CIO merger
- c) Geneva 'summit' meeting

12. Robert Miner quotes Lenin on the founding and role of the Daily Worker: "...the role of the paper as a popular mass organ for leadership and organizing of the day-to-day struggles of the working class-- a popular revolutionary paper reaching out far beyond the narrow circles of the workers and into the depths of the native working class steeped in the traditions and ways of the country."

The PW meets this goal. TRUE _____ FALSE _____

To improve the 'reaching out' of the PW, it needs improvement in:

- a) Strengthening its circulation
- b) Improving technically
- c) Changing its content to be 'steeped more in traditions and ways of the country'.
- d) Becoming more of a 'popular revolutionary paper'.

13. To get your club PW drive off to the best start, first thing to be tackled is:

- a) Selection of a drive director
- b) More discussion on role and circulation possibilities of the PW this year.
- c) Concrete examination and assignment of circulation goals in union or activity.

"On Tuesday evening, Sept. 6, 1955 a Communist Party meeting was held at the Howard Thompson home. Those persons attending were:

Howard and Lulu Mae Thompson
Howard and Evangeline Keylor
Larry Kilmer

"The meeting was an educational and was led by Evangeline Keylor. The subject was an article on the 46th Annual Convention of the NAACP by Dorey A. Wilkerson in the August issue of Political Affairs. About an hour was spent on discussion of the article.

"The next educational will be based on an article in the May 1955 Political Affairs titled 'The Fight Against White Chauvinism' by Andrew Stevens. Instead of choosing a leader for this meeting it was agreed that each member attending will bring 4 questions based on the first two points in the article.

"The meeting adjourned at 9:30 PM. Refreshments were served and those present watched television until about 10:30 PM.

Sept. 7, 1955

"On Friday afternoon, Sept. 2, 1955, HOWARD and LULU MAE THOMPSON visited LEILA NOLAND at her home in Wilseyville. They arrived at approximately 2:30 PM and they stayed about 45 minutes. They had friends with them who remained in the yard while the THOMPSONs visited with LEILA in the house.

"HOWARD THOMPSON invited LEILA to visit them for two or three days sometime during the next two weeks so that she can contact people she knows in the Stockton area who might donate to the People's World Fund Drive. She agreed to the visit and said she would be down as soon as she receives her check from Berkeley.

SF 1604-S orally advised SA ROBERT F. SAVAGE on 9/26/55 that LEILA NOLAND continues to be a member in good standing in the Communist Party. "Report on the Communist Party

September 14, 1955

"On Tuesday evening, September 13, 1955, the following persons gathered at the Howard Thompson home for a Communist Party meeting:

"HOWARD and LULU MAE THOMPSON
JACK JILGERT
EVANGELINE KEYLOR

"Since there were only four members present, no formal meeting could be held, but EVANGELINE KEYLOR had brought a letter from LARRY KILMER for the Club. It was a letter of resignation from the Club. KILMER stated that, because of his speech impediment, he did not feel he could take an active part in the Club and therefore he felt that he was holding back progress in the group. He said he will always believe in Communism and the principals it stands for.

"Those present agreed that HOWARD THOMPSON should return the letter to KILMER and tell him that the Club would not accept his resignation and that he will not be expected to lead educationals or take part in any discussion unless he feels like it.

"Because the discussion did not take the form of a regular meeting, it was decided that the meeting will be held on Thursday evening, September 15th at Thompson's.

Memo To: SAC, San Francisco (100-11889)

building at about 11:30 AM and were met by Marie 'Goran', Lillian Ransom and Barney 'DeVeto' from Marysville. At about the time the car was unloaded, Rudy Lambert came from another meeting and said the people had better eat something before beginning the meeting. Everyone except Rudy Lambert then went to the Fosters restaurant for lunch and there were met by Lambert and Art Goran who had been visiting a person called 'Harry'.

"After finishing lunch Rudy took Marie Goran and Lillian Ransom and Thompson followed with Berg and Barney DeVeto and Art returned to 'Harrys'. They then drove to the home of Leo Barroway and everyone got out and went in, supposedly to visit Leo. After a few minutes, Lambert left in his car and a short time later the remainder of the party walked up to Rudy's home, with Leo as the guide. Leo then returned without entering the house. They were met at the door of Rudy's apartment by Lee Kutnik and on entering the apartment were introduced to Wes 'Bodkin' (5' 9"-10", black hair, brown eyes, round face, has mole over left eyebrow, small growth on right eyelid, weight approximately 190, age 35-38).

"After introductions, Lee called the meeting to order. She then discussed the PW drive and gave everyone a mimeographed sheet of an outline or guide for Club discussion based on an article in the September Political Affairs, 'End the Cold War at Home' by Claude Lightfoot (copy enclosed). She then stated that the Party felt that due to the easing of tension by the government security forces and the lessening of fear by the people, it was once again possible to recruit new members and re-recruit or reactivate past members in the organization.

"She then asked for reports on work being carried on by the County Clubs. Delmer Berg stated his county had not done anything of value. Marie stated that due to internal strife they were unable to accomplish anything.

"At this time Wes 'Bodkin' gave a report on the findings of the National Communist Party Conference in August concerning the Geneva conference. The text of his report follows.

"It was felt by the Party leadership that the Geneva conference did a great deal toward ending the international tension and with the easing of this tension internationally there would also be an easing of the tension at home, for the people of this country are no longer easily swayed by the cry of Communism and reactionary forces, having been unable to accomplish their goal of the imprisonment of the Party leaders through the use of paid stool pigeons and by intimidation, the

Memo To: SAC, San Francisco (100-11889)

Party finds itself in a much better position to work with mass organizations.

"During the trials of the leadership, the government has brought out that certain members of the Party leadership went underground and used this to try to prove a point of subversion on the part of the Party. The Party did not go underground to accomplish any great subversive acts, but rather, due to harrassment of certain leaders, they were unable to accomplish anything in the open.

"But presently we find that the intimidation, the prosecution and persecution of the Party members was only one step, or the beginning of the prosecution, persecution and intimidation of the laboring class or workers by the leaders of the capitalist monopoly group leaders.

"A great many leaders of labor unions, as well as rank and file members are beginning to realize that this program is not meant for the Communists but rather is one step toward the intimidation of labor groups, as with McCarthy, the intellectuals, middle class, bourgeoisie and labor leaders, through a coalition defeated his drive for power. But this organization by these people was not a solid, closely knit organization, but one that was held together because of their realization that it was the beginning of a fascist type regime.

"We find within the Party leadership two lines of thought. One group which feels that nothing has been accomplished and that we are still in the same position that we were in before the Geneva conference. The other group feels that we have accomplished a great deal and that the pressure will be off all Party members. After a great deal of discussion by the National Committee, the conclusion was reached that the Party should work with any and all groups wherever possible on those points which they are in agreement with the Communist Party.

"Delmer Berg then brought up the question of working with groups other than leftist groups, saying that they were unable to work with them. Thompson was then asked to discuss this situation, wherein he stated that we of the Party should not go into an organization to agitate them on points over which we disagree with them, but rather to help their efforts in combatting those things they felt were detrimental to their organization. Using first the example of the Independent Progressive Party wherein we judged the membership by the criteria of the Party member, with the result of ending with only Party members in charge of the organization. It would be hard to bring up at an NAACP meeting a fight against the right to work laws, because the Negro,

Memo To: SAC, San Francisco (100-11889)

being unable to join a great number of labor organizations or trade unions, would feel undoubtedly that these bills would help the Negro, but on the other hand the fight against the right to work laws can be carried on in the machinist union which is noted for its chauvinistic attitude towards the Negro and the opening of the union to Negro membership could not be pushed to any great extent without the agitation of the union membership.

"Yes then stated that certain beliefs that are considered leftist at one time will later be considered common ordinary center of the road beliefs, examples being social security and old age pensions, etc. This ended the discussion along these lines.

"Lee Kutnik gave each delegate a summary sheet for the re-registration of all members (copy enclosed).

"The next meeting will be held October 23, 1955 in Wheatland, the meeting to start at 10:00 AM, it being presently agreed that Wes Bodkin will catch a bus from San Francisco, getting off at Louise Ave. and going to the home of the Thompson's, will ride from there up to the meeting with Thompson and Berg.

"At this time Barney DeVeto had in his hand a paper concerning the reinstatement or transfer of an Elsie Moore from, or in, Stoneyford.

"The following persons sat in during the meeting:

Barney DeVeto (black hair, brown eyes, 5'6", 125-135 lbs,
from Marysville)

Wes Bodkin
Marie Cryan
Lillian Ransom
Howard Thompson
Delmer Berg
Lee Kutnik

"Rudy Lambert came in and out of the meeting, saying that he was held up on another meeting due to an accident his mother-in-law had had.

"The following numbers are believed to be the membership of the counties:

San Joaquin	6
Stanislaus	6

Memo To: SAC, San Francisco (100-11889)

"Lillian gave the impression of there being a membership of 12 in her area and Barney stated the same for him.

"Due to the internal struggle around Sacramento, Marie did not give a figure.

"On Sunday, October 16, 1955 at 11:00 AM there will be a Win the Peace workshop and conference held at the California Labor School, 321 Divisadero St., San Francisco. There will be four persons from San Joaquin County at this conference.

"Delmer Berg and Thompson and Barney then left to go to their car and drove it over two blocks at which time they picked up Marie and Lillian and drove to the PW offices where there was a distribution of literature, such as Masses and Mainstream, etc. Thompson and Berg returned to Thompson's home in Lathrop, Berg then drove to Lodi to find a place to live while he works cutting grapes in that area, but he was unable to find a suitable place so he returned and spent the night with Howard Keylor, leaving the next morning.

SF 1604-S was interviewed by SA ROBERT F. SAVAGE on 9/19/55 at which time he advised that BARNEY DeVETO referred to in the report was from Marysville, California and his description was given as approximately 55 years old, 5'4" - 5'6", 135 lbs., brown eyes, black graying hair. SF 1604-S further advised that the registration figures as given by BARNEY DeVETO and LILLIAN RANSOME were confusing as they both responded with same number. It was not clear as to which number they referred to. This informant further advised that it was not possible to observe very clearly the transfer slip on ELSIE MOORE and that it is possible that the spelling of this name might be different. This informant further advised that a transfer slip on one SMITH was noted at this meeting and that this transfer concerned Sacramento. The informant further advised that it was not clear whether SMITH had been transferred into Sacramento or had not been accepted by the Sacramento CP.

"HOWARD KEYLOR and WES BODKIN arrived at the home of HOWARD and LULU MAE THOMSON on Sunday morning, October 23, 1955 at about 8:00 AM, and they all left for the home of LILLIAN RANSOM in Wheatland, after waiting for DELMER BERG of Stanislaus County.

"On the trip up nothing of importance was discussed with the exception of HOWARD KEYLOR asking WES BODKIN if LEILA NOLAND should be carried on the membership rolls of San Joaquin County. WES stated that after a person had been a member of good standing for the number of years that LEILA NOLAND had it was against Party policy to drop them because they were unable to pay dues or take an active part.

"Upon arrival at the RANSOM home, LULU MAE THOMPSON took the car and left. WES BODKIN asked if she had any special place to go and THOMPSON replied she did not have, but inasmuch as she had not been invited to the meeting, he felt that it was not his position to push her into the front. Whereupon WES stated that she was welcome to attend the meeting at any time. HOWARD KEYLOR questioned this, stating that in the past security measures would not permit this type of thing. Whereupon WES made the statement 'that we have in the past done a lot of things which we are not doing now', so when LULU MAE THOMPSON arrived back from her drive, HOWARD THOMPSON went out and asked her into the meeting. The feeling being of the great majority at the meeting that LULU MAE THOMPSON was an asset to the Party.

"The other persons attending were:

"MARIE GORAN
LILLIAN RANSOM
VIRGIL COLE

DELMER BERG, who arrived at about 11:30 AM

"WES BODKIN reported on the new phases of Party work and the mode of operation, which, summarized, was that all Party members, especially those who are not known Party members, must work to establish themselves within the framework of a union, church group, political party, NAACP, or any other mass organization available. These members are not to make dramatic stands on leftist procedure, but to work and establish themselves securely in the organization, bringing those from the middle of the road towards the left and where possible to help bring the extreme right to the middle of the road.

"DELMER BERG reported they were having a great deal of trouble in the Club in Stanislaus County. They have been working with the NAACP and both he and PHIL DAVIS were appointed to the nominating committee. DELMER, being unable to attend the meeting, discovered when he returned to Stanislaus County, that DAVIS had gotten himself nominated as President of the NAACP. After some discussion of this, along with the question of bringing MAY MURRAY back into the Party it was decided that WES would ride back with DELMER on the return trip to the THOMPSONS near Stockton.

"MARIE GORAN stated it would be impossible to hold any more Party meetings until after the present difficulties had been straightened out.

"THOMPSON reported on his work within the AF of L Machinists Union and was warned by WES not to make any definite stand for the establishment of a Non-partisan Political League Club, but to allow the Machinists to make the first step.

"The meeting was adjourned, after which dinner was served by LILLIAN RANSOM. Registration figures and dues were turned in to WES BODKIN by each County delegate, separate from each other.

"MARIE, WES and VIRGIL COLE went outside for a long discussion on the Sacramento problem.

"HOWARD KEYLOR reported privately to WES that a couple from Stockton who were now living in San Francisco wished to rejoin the Party and gave WES their address. The names on the paper were JACK and BETTY DODSON (was unable to obtain the address).

"On the return trip the THOMPSONS brought MARIE GORAN to her home in Sacramento and then dropped off HOWARD KEYLOR at his home. About one hour after they arrived at their home, DELMER BERG and WES arrived. They stopped only long enough to have coffee and cake and then left in their own cars."

SF 1604-S orally advised SA ROBERT F. SAVAGE on 10/28/55 that MARIE GORIN stated at the above meeting of 10/23/55 that the Sacramento group would not hold any more meetings until the trouble with PAT VERBAL is straightened out. MARIE GORIN indicated that they want her expelled from the Party. SF 1604-S advised that the dues and registration figures were handed in separately by each delegate to WES BODKIN.

SF 1604-S could furnish no additional information.

November 9, 1955

"On Tuesday evening, November 8, 1955 a Communist Party meeting was held at the HOWARD THOMPSON home. Those attending were HOWARD and LULU MAE THOMPSON and HOWARD and EVANGELINE KEYLOR.

"HOWARD KEYLOR, as chairman, called the meeting to order at 7:50 PM. He stated that LARRY KILMER had refused to come to the meeting because he feels that he is a hindrance to the Clubs progress. KEYLOR said that he had used every argument he could think of to try to change his mind but he was unsuccessful. After some discussion it was decided the problem cannot be solved in the Club and will be presented to the State Committee which has been working on the Club's difficulties.

"The Clubs are to check the number of persons that could receive literature from CEDC at 1026 E. Market St., Room 315, San Francisco. The full outline of this is on the last sheet of the pamphlet enclosed.

"Second on the agenda was the circulation drive for the People's World. The drive is not only to increase the number of subscribers but to switch a great number of them from week-end subscriptions to daily subscriptions.

"Pertaining to the coming political campaign, WES stated that the Party does not endorse any of the candidates at the present time, but the National Committee is to meet in the very near future and will make definite plans and commitments.

"In the discussion of the Sacramento problem between MARIE and WES it was revealed that LEE KUTNIK and RUDY LAMBERT had made commitments to meet with the Stockton group on December 11th and had also agreed to meet with the Sacramento group in San Francisco on the same date, so it was agreed by those concerned that Sacramento would be given priority over Stockton and the Stockton meeting would be held on Dec. 18th at the home of the THOMPSONS.

"The meeting was adjourned at 10:00 PM, after which MARIE sold literature and she then rode with the group in THOMPSON's car to Sacramento. DEL, WES and THOMPSON arrived at THOMPSON's at about 1:00 AM. The next meeting will be held January 8, 1956 in San Francisco."

SF 1604-S orally advised SA ROBERT F. SAVAGE on 12/5/55 that the above meeting was chaired by WES BODKIN who represented the State Board of the Communist Party. It should be noted that SF 1604-S orally advised SA ROBERT F. b7D

"MEMO ON BILL OF RIGHTS FUND DRIVE AND MASS CAMPAIGN ON SMITH ACT APPEAL.

"(To be used as discussion guide.)

SF 100-11889

RFS:dam

"I. SIGNIFICANCE OF SUPREME COURT GRANTING REVIEW IN CALIFORNIA SMITH ACT CASE.

"-First time in four years Court has agreed to review a Smith Act Case—since upholding constitutionality of Smith Act in Dennis Case, June 195.

"-Dennis decision let loose wave of repression thruout country, 150 arrests under Smith Act, countless prosecutions in other forms (McCarran Act, McCarran-Walter Act, Brownell-Butler Act, Loyalty oaths, Screenings, etc.)

"-Two other Smith Act cases already turned down by Supreme Court; Baltimore case and the Flynn case (2nd New York trial.)

"-Decision of Court to grant review not limited to any single legal point, as is usually done. Court granted full review without limitations.

"-In 1951 Dennis decision, the Court said; 'Where there is any doubt about the intent of the defendants, the nature of their activities, or their power to bring about the evil, this court will review the convictions with the scrupulous care demanded in the Constitution.'

"-By granting review in this case, after turning down appeals in two previous cases, the Court is finally keeping its promise to take a 'second look' at Smith Act convictions.

"II. WHAT BROUGHT ABOUT THIS TURNING POINT?

"-The wave of McCarthyism was a sign of the offensive of pro-fascist forces in our country that co-incided with the increasing war danger that reached its climax around Korea, Indo-China and Formosa.

"-Arguments that war was inevitable, our national security in danger, the Big Lie, etc, was used to still and intimidate opposition to McCarthyite attacks upon Bill of Rights.

SF 100-11889

RFS:dam

"-Ending of Korean war, and subsequent events, was the result of strength of peace movement thruout the world, and opposition of American people to being plunged into atomic world war.

"-Co-inciding with the easing of war tensions, opposition to McCarthyism rapidly grew, and McCarthy himself was curbed. A number of partial victories against persecution were won thruout the country, as growing voices of public opinion spoke out against suppressing the Bill of Rights.

"-Geneva marked the turning point towards ending the cold war; opened great opportunities also, for ending the cold war at home, against the Bill of Rights.

"III. FAVORABLE SITUATION FOR NULLIFYING SMITH ACT AND OTHER REPRESSIONS.

- "-Supreme Court now reviewing McCarran Act, state sedition laws (Nelson Case;) and Smith Act.
- Appeal against McCarran Act supported by 'Friend of the Court' brief signed by 360 Americans, including U.S. Senator McNamara of Michigan and many other notables.
- Nelson appeal argued by former general counsel of the A.F. of L.
- California Smith Act appeal, supported at various stages of the appeal by 'Friends of the Court' briefs filed by A.C.L.U., ILWU, Methodist Social Welfare Federation of Southern Calif., Unitarian Fellowship, group of Yale law professors, and groups of individual signers, including scientists, university professors, etc.
- Right to obtain counsel for Smith Act cases and appeals upheld by action of California State Bar Assn., and Bar Associations thruout the country in various trials (Denver, Connecticut, Cleveland).
- Public expressions against Smith Act prosecutions were voiced at various times by ACLU, Americans for Democratic Action, CIO, St. Louis Post Despatch, N.Y. Post, Colorado Labor Advocate, etc, and many prominent individuals.
- Northern Calif. unions representing 50,000 workers passed resolutions against Smith Act in 1951-52.
- No recent campaign conducted, but mass campaign can now turn general anti-McCarthy sentiment into mass demand for ending Smith Act, McCarran Acts, etc.
- '56 election will have peace and democratic rights among outstanding issues; favorable time for Smith Act mass campaign.

SF 100-11889

RFS:dam

- "-Supreme Court decisions on de-segregation and other Bill of Rights issues shows pressure of public opinion.
- Decision to review Smith Act case may already have effect of halting or minimizing further Smith Act arrests, and holding up action on appeals in Appellate Courts pending Supreme Court decision.

- "-Our estimate: International developments towards peace, political situation in country, plus mass campaign that reaches to broad circles can result in winning victory.

"IV. BILL OF RIGHTS FUND DRIVE--NOVEMBER 15TH TO JANUARY 31ST, 1955.

- "-Quotas based on minimum legal costs plus expenses of extensive mass campaign--state and national.

- "-Legal costs consist primarily of printing costs, travel, court record, etc. Prominent attorney's serving without fee.
(Example of required costs: estimated printing costs, 20,000; binding the trial transcript, \$2,600, etc.)

- "-One-third of budget to finance mass campaign.

- "-Fund drive to be conducted as part of mass campaign.

- Hundreds of house affairs.
- Public meetings and aggairs.
- Days pay voluntary contributions (January)
- Make up lists of contacts to visit for contributions.
- Bazaars and rummage sales.

- "-Organize broad observance of Bill of Rights Anniversary Week around Dec. 15th. Also Left-Progressive activities.

- "-Distribution of material that will be available.

- Addressed to Trade Unionists, Negro people, Liberals
- 100,000 Tabloids for mass distribution. (Feb. or March)
- Send out suitable material to mailing lists, as well as distribute at union halls, churches, neighborhoods, shops, etc.

- "-Action by Organizations-get resolutions adopted in trade unions, other organizations, in connection with Bill of Rights Anniversary. Get speakers invited to address organizations.

- "-Organize letter writing to newspapers on the Smith Act.

SF 100-11889

RFS:dam

"Soliciting of organizations and individuals to sign 'Friends of the Court' briefs supporting the appeal, or public statements or newspaper ads.

"-If funds permit; radio and T.V. programs.

"-This does not exhaust the list of possible activity. Organizations discussing this should use their own initiative in adding to it.

"SUGGESTIONS FOR ACTIVITIES THAT MAY BE USED IN THE
CLUB PLAN OF WORK

- "1. Adopt a mass approach to the development of lists of contacts, including
 - "a) Old friends who are showing renewed political interest.
 - "b) People who reacted to political struggles and participated in electoral campaigns, Till case, outlawing the H and A bombs, and other current activities.
- "2. Make up lists of contacts who can be asked to participate in the campaign.
 - "a) For financial support.
 - "b) For political support such as attending meetings on the case; helping to get action in mass organizations; helping to get campaign literature to large numbers of people, for mailing lists.
- "3. Organize house meetings on the California case and the Smith Act. Keep in mind Bill of Rights anniversary week, Dec. 15. Secure speakers for such meetings thru CEDC.

-- "KEYLOR then reported that he felt that it would be necessary to tighten security measures since the FBI has started questioning people again. He stated that a former Party member, PHIL DAVENPORT, a longshoreman, had been questioned and had consented to talk to them. He said he had had a long talk with DAVENPORT and had set him straight on the position he should take with the FBI, that is, not talking unless his lawyer is present and that he was endangering the position of the Union if he did talk, etc.

"Next item on the agenda was a letter from LEO BARROWAY, proposing that the Club hold a party to spur the circulation drive for the paper. The proposal was accepted and plans were made to contact some of the subscribers to find a home to hold the party in, the general feeling being that a bigger attendance might be had if the party was not held at the home of known Party members. The first week-end in February was chosen as a tentative date.

"The Appeal Fund Drive by CEDC was discussed and more plans were made for the Rummage Sale which is scheduled for the end of January. EVANGELINE KEYLOR announced that STEVE CHARNASLEY had donated \$20.00 to the County's quota of \$125.00, and JACK JILBERT donated \$3.00.

Further plans were made for the People's World Party which is to be held at the Keylor home on Saturday night, February 11, 1956. Keylor said that he still had to make his contacts to invite people and the Thompson's had seen some of the people they were to contact.

Daughter) arrived at the Howard Thompson home at about 9:30 AM. Delmer stated that he and Phil had an early appointment in San Francisco so they were going down early in Davis' car instead of with Howard Thompson. They all had coffee at Thompson's before leaving at about 10:15 AM.

Howard Keylor had not arrived at Thompson's at 10:30 AM, so Thompson called him on the phone and he said he would not be able to go. Thompson left at about 10:50 for San Francisco.

At about 1:00 PM Thompson arrived at Foster's restaurant in San Francisco. There he met Lee Kutnik, Virgil Cole, Marie Gorin and Lillian Ransom. In a few minutes they were joined by Delmer Berg and Phil Davis. The party left in two cars (Virgil Cole's and Lee Kutnik's) and drove to the home of Lee Kutnik.

After the meeting was called to order, Virgil Cole suggested that someone else chair the meeting and Thompson was elected chairman. It was then brought up that a new Secretary-Treasurer was needed because Marge Miller had been filling that position and she had been involved in an accident and that she is now living with Pat Verbal who was expelled from the Sacramento Club until such time as she could learn to handle herself in a Comradely attitude. It was also disclosed that Marge Miller had not kept clear records of the money turned in and had supposedly spent some of it for her own needs. Inasmuch as Marie Gorin had been handling this since Marge's accident, she was unanimously elected to this position.

The main points on the agenda were CEDC, People's World and the 1956 political campaign. On CEDC, San Joaquin County had turned in a total of \$20.00 and Thompson turned in an additional \$4.00 and the returns from half the proceeds of the Labor School Christmas Market which came to making a total of

Lee suggested a days pay pledge for CEDC from the members. This idea did not meet with favor with most of the representatives as they felt that this should only be used where the member was fully employed and could not or would not make the contacts for the money. Nearly all of the counties felt they could

SAC, SF (100-11889)

make their quotas. Lee distributed some literature on CEDC and copies are enclosed.

Under the People's World circulation drive, each county acknowledged the number of new subscribers they are to get and Lee Kutnik gave a discussion pamphlet to each representative, covering the People's World circulation drive and the Communist Party (copy enclosed) and stated there were persons lined up to visit, both on the CEDC and the People's World subscription drive.

On the 1956 campaign, Lee Kutnik gave each representative a mimeographed copy of the Party outline for the 1956 campaign, which is to be used in conjunction with the January issue of the Political Affairs. Virgil Cole then stated that the flood disaster could be used to bring pressure on government representatives, citing Leroy Johnson as one. The feeling is that if interest could be awakened in the unions, NAACP, PTA and other related organizations, that perhaps this coalition might be used at a later date to further the development of a middle of the road government.

The next meeting will be held in Wheatland at the home of Lillian Ransom at 11:00 AM on February 5, 1956.

Report on the Communist Party
Stockton, California
January 30, 1956

The Communist Party held a meeting at the home
of Howard Keylor, 536 W. North St., Stockton, on Thursday
evening, January 26, 1956, and those persons present were
Howard and Evangeline Keylor and Howard and Lulu Mae Thompson.

Howard Keylor, the Club Chairman, presided over
the meeting and started by reading the proposed agenda at about
8:00 P.M. A long discussion was held at the beginning of the
meeting on the coming election, possible candidates and the
general political situation in the county.

Howard Keylor said he had recently received a bill
for \$5.00 from the People's World and after some checking he found
that it was for a special longshoreman's issue of the paper which he
had received for several weeks and delivered to the union hall.
He proposed that the Club pay the bill, but Lulu Mae Thompson
stated the funds of the Club would not cover the bill, so it was
voted to wait until there are sufficient funds in the treasury and
to notify the paper of the decision. Keylor also stated that the
Club had received 500 copies of the flood broadside issued by the
People's World and they would cost about \$3.50. All members

AT TRACY, CALIFORNIA

The records of the Tracy PD were reviewed by the writer on 3/22/56. These records reflect that ROBERT WILLIAMS, 126 Parker Ave., Tracy, in May, 1942 was the complainant in a burglary and that in April, 1943 subject reported the loss of his gas ration book, which was stolen from an unnamed hotel room in San Francisco. There is no criminal record for the subject in the files of the Tracy PD.

Chief of Police NEAL TREMAINE, Tracy, advised that the street numbers in Tracy were changed in about 1949 or 1950 and that the subject's former address of 126 Parker Ave. is now 1226 Parker Ave. The above would indicate that the subject has resided at this address for several years.

The records of the Tracy Credit Bureau were examined by SA ROBERT F. SAVAGE on 3/22/56. These records reflect that ROBERT WILLIAMS of 1226 Parker Ave. has been employed as a locomotive engineer, SPRR, Tracy, for over 25 years.

These records further reflect that the subject had former residences at Fresno and San Francisco, California. Dates of these residences are not listed. Subject's first wife, LARDARA is deceased and subject is presently married to HAZEL PHELPS.

"Chairman Howard Keylor called the meeting to order at 10 minutes to 8:00 PM. He reported that Larry Kilmer had called Steve Murdock the morning after the People's World circulation drive party to go out with him to contact three people who had responded to the flood broadside which the Club had distributed. Murdock said he couldn't go out, so Lulu Mae Thompson offered to take Evangeline Keylor out on Wednesday afternoon, February 22nd to see these people. Howard Keylor stated he thought they should be seen on a week end or in the evening so the husbands could be the ones talked to, but he was overruled. The members said they didn't feel that the Club should feel obligated to accept another quota on new subscriptions, but the paper could be notified that the members would make an effort to get at least three more subscriptions.

"Keylor reported that he had talked to Mrs. Austin, the new Chairman of the Executive Board of NAACP and that she was very broad minded and progressive and willing to have him work with the NAACP, even though she was acquainted with his background. He stated the next NAACP meeting would be held on February 20th and the Thompsons and Lura Walter said they would attend.

"Keylor then reviewed the political situation in the area concerning a candidate to run against Leroy Johnson. He stated he had been chosen by the Port Stockton Democratic Club as one of their delegates to the nominating convention in Modesto to be held on Saturday, February 18th.

SF 100-21286

"Keylor expressed the opinion that, since all Communist Party members are supposed to join a Democratic Party Club, it would be a good idea if all the members of the Stockton Club in the Stockton area joined the Port Stockton Club. All those present agreed and Keylor said he would notify them of the date for the next meeting as soon as it is set.

"Keylor asked Lulu Mae Thompson what Rudy Lambert had said about spending some time in the area contacting prospective donors to CEDC. She said Lambert had stated he would come if there was a definite list of prospects prepared ahead of time, and if someone else could go out with him if Keylor was tied up. Keylor "hemmed and hawed" and said there should be some discussion, that he had some prospects in mind, but it would take some time to prepare a list. Lulu Mae Thompson told him she thought the best place to start was for him to make his list of prospects up since he seemed to be the only one with ideas, and then the discussion could start from there. Keylor agreed and said he would prepare the list.

"The Club discussed the matter of meeting nights and it was decided that it would be best to meet every other week since all members are to join the Democratic Club and the NAACP and it would make too many meetings to attend every week. The date set for the next meeting was Thursday, March 1, 1956 at the Keylor's.

"The group decided to donate 10¢ per member per meeting until the Club's quota of \$15.00 for the Alabama fund has been raised.

SF 100-21286

MEMO

RFS:mhb

"The matter of Club elections was the last item on the agenda and the time set for the close of the meeting would not allow any discussion on the question. Keylor stated 'this was all right, because you and I (speaking to Howard Thompson) should talk this matter over before presenting it to the Club.' Lulu Mae Thompson objected to this, stating that the election of Club officers was a matter that concerned the whole Club and she was supported in this by the other Club members. It was then decided that the election would be the first item on the agenda at the next meeting.

"KEYLOR then called for a report on the NAACP and HOWARD and LULU MAE THOMPSON stated they had both joined at the last meeting, but they felt that attendance at one meeting did not give them enough knowledge of the organization to comment on its activities. KEYLOR then remarked that he thought it would be best if he and the THOMPSONS did not openly acknowledge the fact that they were acquainted, because his position in the community was known to the NAACP leadership.

"In reporting on the People's World the situation of having LARRY KILMER as the local representative for the paper was discussed and it was the general opinion that it would be advisable and advantageous to the paper to have someone more closely connected to the Club and also someone who would be more accurate in keeping records to fill this position. LURA WALTER was suggested for the duty, but a definite decision was postponed until the Club holds its elections.

"HOWARD KEYLOR stated he had made a list of names he thought might be approached on CEDC by RUDY LAMBERT and whoever could go out with him. The list was read and each person discussed. Some of those selected for contacts were: BILL WEBER, LUKE DUNCAN, VINCE CABEEBE, SAM OLIVER, PHIL DAVENPORT, Mrs. JORDAN and Attorney SAUNDERS.

"The Club elections had been scheduled for the last part of the meeting, but all the discussions had been prolonged until there was insufficient time. There was some comment on the proposed officers and LURA WALTER proposed that the present officers be retained. HOWARD THOMPSON stated that he thought that LULU MAE THOMPSON would be better than himself as Club representative to the State, since his own health made it a burden for him to attend at times and the KEYLOR's car could not be depended upon so they would be unreliable as representative.

"Since the Club had decided to meet every two weeks, there was no other meeting scheduled before the Regional meeting in Sacramento on March 11th, so EVANGELINE KEYLOR proposed that a meeting be held at the HOWARD THOMPSON home on Thursday, March 8, 1956 and all present agreed."

"Howard Keylor called the meeting to order at about 8:00 PM and asked Lulu Mae Thompson to report on the Regional meeting which was held in Wheatland on March 11th. Following her report there was a brief discussion by the members on whether the Club should order one of Foster's new books, "Outline History of the International Trade Union Movement." Since there was not money in the treasury for the purchase it was decided to wait until a little later to order a copy for the Club.

"Keylor stated that Sid Schurr had donated \$5.00 to be used in any way he saw fit, and he had discussed it with Lulu Mae Thompson, Lura Walter and Evangeline Keylor and the majority opinion had been in favor of ordering 400 of the "Civil Rights" broadside being published by the People's World. He had ordered the papers and they had arrived already. There was a lengthy discussion on distribution and it was decided that Howard Keylor and Larry Kilmer would distribute some on Sunday morning and Howard Keylor and Howard Thompson would deliver some on Monday evening. Evangeline Keylor said she would like to mail some, but Howard Keylor reminded her that there was no money to cover a mailing, so Howard Thompson gave her \$1.00 to pay for stamped envelopes for some of the papers.

"Howard Thompson and Lulu Mae Thompson reported on the NAACP meeting which was held on Monday, March 19th and Howard Keylor reported that he had attended the meeting of the Port Stockton Democratic Club on Tuesday evening, March, 13th and that the next meeting will be held on Tuesday, March 27th.

"There was a Communist Party meeting at the Howard Thompson home on Thursday evening, March 8, 1956. Those present at the meeting were Howard and Evangeline Keylor and Howard and Lulu Mae Thompson.

"The meeting was called to give the Clubs representative to the Regional meeting the proper facts to report.

"There was a long discussion on the problem of finances facing the People's World and what the Club felt was the solution to the problem. The decision reached was that the paper should not have just a short circulation drive, but should publish, at least once a month, a list of those areas making a gain in subscribers and also those maintaining their same number of subscribers for the month, thus giving each group the incentive to work toward having their name on the list each time it was published. It was also felt that it would help circulation in the Stockton area if the Club changed representatives, since Larry Kilmer no longer attends meetings to report and it is difficult to contact him and Lura Walter was picked to represent the Club as Press Director in the future.

"The members decided to request some action from the Review Committee on the reorganized Club, since they had not appeared for the final meeting when it was scheduled and those present felt the Review Committee should come to some conclusion on the status of the organization in the County.

"The Club elections were discussed and there was no formal vote taken on who the officers would be. Howard Thompson stated he felt Lulu Mae Thompson should be the Club's representative at the Regional meetings, because she could be depended upon to be able to go.

"Keylor stated he wanted to go to the meetings coming up the 11th, but he might have to work, so Lulu Mae Thompson said she would count on going, whether he

went or not, because it would be easier that way.

"Howard Keylor turned \$5.00 over to the treasurer, Lulu Mae Thompson, that he said had been donated to CEDC by Dave Jenkins. Howard Thompson donated \$20.00 (a days pay) to CEDC also.

"Lulu Mae Thompson reported that Rudy Lambert had come to the Thompson home on Sunday morning, March 4th and asked the Thompsons to get in touch with Leila Noland and tell her if she could produce her receipt from the Civil Rights Congress for the \$50.00 she donated to them, she could get her money back. Lulu Mae visited her on Tuesday March 6th and Leila said she had burned her receipt about three months before.
